Story-based Audio Resource Creation

I. Guidelines for Story Selection

Story Selection Checklist

When selecting or writing stories, we must make sure that they are suitable and appropriate for children. Ideally the story should check all or most of the following boxes:

1	The story is interesting and easy to understand	
2	The story is grade level/ age appropriate	
3	does not need supporting images to make sense	
4	is of appropriate length (duration)	
5	uses appropriate language	
6	is based on themes or context children are familiar with	
7	stimulates curiosity in children	
8	has a strong logical plot with some suspense as well	
9	does not contain biases and stereotypes	
10	does not have content that preaches morals without encouraging children to think critically
