BINGO

Instructions to play the game

This game is similar to 'tamboola'. The game can be played either with picture cards or with word cards. Make copies of the bingo cards. Keep one set with you. Give each child one bingo card. Let the children be ready with their pen/pencil. Pick out a card from your set, at random. Call out name of the

animal that you pick. The children who have that animal picture/name in their card will cross it out. Then, call out from another card. Those children who have that animal in their card will again cross it out. The child who crosses out all the animals on his/her card should shout 'Bingo'. Take the child's card and check if it matches with all the animals that you had called out. If it matches the game is over, otherwise the game continues.

CAT	SNAKE
LION	GOAT
BEAR	KINGFISHER

DOG	SNAKE
